

# BEE HEALTH WEBINAR

Use of Cold Storage for Varroa & Hive Management  
Thursday, 03.26.2020 Time: 11 am-12:30 pm PT

The Almond Board of California will host a webinar on recent research and commercial application of the use of cold storage to control varroa mites and manage hive costs.

Speakers:

Dr. Brandon Hopkins - Apiary Program Manager & Assistant Research  
Professor, Washington State University  
Buzz Landon – Beekeeper, Buzz's Bees, Butte County, CA  
John Miller - Miller Honey Farms, Newcastle CA and Gackle ND

A moderated Q&A session will follow the presentation allowing web participants to ask questions and comment.
