LAB TO LANDSCAPE

North Dakota and California - Getting Closer Every Year

Dr. Matthew Smart, Dr. Clint Otto and Dr. Johnathan Lundgren clarify some of the relationships between land use in the upper Midwest and colony health of honey bees pollinating almonds, in a recent publication PAm funded research.

[DONATE NOW](#)

Together we can "move the needle in the right direction for honey bees"

PAM was founded by beekeepers and growers for beekeepers, growers and honey bees.

Your support is an investment in practical, innovative research and habitat projects that directly support honey bee health, beekeeper tools, and industry collaboration.
