BUZZWORD

SPRING 2022

Project *Apis m.*

Talk about smart money!
An interview with PAm-Costco
Scholar, and recent doctoral
degree recipient, Dr. Alex
McMenamin

"There is a lot more to uncover about how bees are fighting infections and, therefore, a lot of tools in our toolbox to protect colonies that we haven't even begun to identify yet"

Webinar Recording:
Toward a more
comprehensive
assessment of honey
bee pollen substitutes

Introducing: 2022
PAm-Costco USA
Scholars!

Project Apis m. is proud to
announce the 2022 selection of
PAm-Costco Scholars!

Now Accepting
Applications for the
PAm-Costco Canada
Scholarship

t applications are still being
accepted for the 2022 USA PAm-

On April 5th, 2022, Dr. Vanessa Corby-Harris presented her Healthy Hives-funded research comparing commercially available nutritional supplements in a large-scale, commercial field trial. Check out the recording and extended, written, Beekeeper Q&A here!

Together we can "move the needle in the right direction for honey bees"

PAm was founded by beekeepers and growers for beekeepers, growers, and honey bees. **Your support** is an investment in practical, innovative research and habitat projects that directly support honey bee health, beekeeper tools, and industry collaboration.

Wisdom from the Hive Mind

Do you have a comment or suggestion that you'd like to share related to honey bee health, our research or forage programs, or a burning question you've always wanted to ask a beekeeper or researcher? What topics are you most interested in? Follow the link [here](#).

Project Apis m.

Dedicated to enhancing honey bee health and crop production.
