BUZZWORD

JANUARY/FEBRUARY 2019

Project *Apis m.*

Congratulations to PAm/Costco scholar **Morgan Carr-Markell** for winning the Student paper award, for her paper "*When would a honey bee advertise flowers in a restored prairie and why does it matter?*" at the American Bee Research Conference, Tempe, AZ, 2019

Congratulations to PAm/Costco scholar **Sarah Wood** for winning the Student Presentation Award, honourable mention, for her presentation titled "*Impact of chronic dietary thiamethoxam and prothioconazole exposure on survival of *Apis mellifera* L. brood and adults reared in vitro*" at the American Bee Research Conference, Tempe, AZ, 2019

THE PULSE OF BEEKEEPING

BIP Tech Transfer Teams

Commercial Beekeepers who participate in the BIP Tech Transfer Teams have an average of 30% fewer annual colony losses. Sampling, communication of trends and management practices, and access to individualized and regional data are a few of the methods that help beekeepers reduce their losses.
