## Developing A More Precise Medicine for Bees.

Is it possible... to bring researchers, beekeepers, and growers together to deliver solutions? Project *Apis m.* does that!

In this article, Dr. Jonathan Snow, a researcher at Barnard College, tells us how he brings his expertise in biomedical sciences to bee medicine...with a little help from PAM along the way!

Together we can "move the needle in the right direction for honey bees"

PAm was founded by beekeepers and growers for beekeepers, growers, and honey bees. **Your support** is an investment in practical, innovative research and habitat projects that directly support honey bee health, beekeeper tools, and industry collaboration.

**DONATE NOW**

Do you have a comment or suggestion that you'd like to share related to honey bee health? Follow the link [here](#).

**Project Apis m.**

Dedicated to enhancing honey bee health and crop production.
