

Project *Apis m.*

BUZZWORD

WINTER 2023

Bringing the research to you.

My Scientific Journey.

From graduate student to research scientist, Dr. Renata Labuschagne, lead for the Alberta Tech Transfer Program, writes how Project *Apis m.* intersected with her honey bee research career at many points.

DONATE NOW

Together we can "move the needle in the right direction for honey bees"

PAm was founded by beekeepers and growers for beekeepers, growers, and honey bees. **Your support** is an investment in practical, innovative research and habitat projects that directly support honey bee health, beekeeper tools, and industry collaboration.

Wisdom from the Hive Mind

Do you have a comment or suggestion that you'd like to share related to honey bee health, our research or forage programs, or a burning question you've always wanted to ask a beekeeper or researcher? What topics are you most interested in? Follow the link [here](#).

Project *Apis m.*

Dedicated to enhancing honey bee health and crop production.
